1. On 21 September the Boboc railroad station, situated near the Buzău airport on the railroad line, was surrounded by militiamen who set up machine gun posts of three men each every 200 meters along the track. A pilot locomotive of the Securitate followed by a heavily-armed auto-motor train of four coaches passed over the line going toward Constanta. During the evening of the same day the pilot locomotive and auto-motor train, followed by a train with diner and sleeping-cars, returned over the line going toward Bucharest.
2. These trains carried Soviet officers only.
